

Shipping Information

 USA

We do not deliver to Hawaii and Alaska.

Alternative delivery address

White label shipping to an alternative delivery address directly to your end customer is possible. There will be no reference to Onlineprinters on the shipping label, however, all packages are marked "Made in Germany". The invoice will be sent to you by e-mail.

Standard shipping

Standard shipping takes approx. 2 to 5 working days. The duration of shipping depends on the ZIP code of the shipping address. If you like to know the exact duration of shipping, please enter your ZIP code on the product page in our online shop.

Parcel deliveries are provided by a parcel service provider from Monday through Friday.

Group shipment

We avoid keeping different items from different production lines waiting for each other in our shipping department. Once a finished item arrives in our in-house shipping department, it is immediately processed. Combined shipment is therefore not possible.

Shipping costs

Weight	Shipping Costs
Weight up to	all prices in USD (without sales tax)
15 lb.	11.65
22 lb.	16.47
33 lb.	25.29
